

Band at John Paul II during 2025-2026!

This school year (2025-2026) the 4th grade through 8th grade students will have the opportunity to participate in after-school band. The John Paul II Band Program is small group music lessons on the instruments you would find in a high school marching band. There is no marching involved here. But a lot of fun. Students may choose from the following instruments:

Flute, Clarinet, Alto Saxophone, Trumpet, Trombone, Bells (xylophone), or Snare Drum. This band program is being brought to John Paul II by **The Music Staff** and therefore has a fee separate from tuition (please see below). Families are also responsible for the rental of the music instrument. Band begins in September. We will allow sign-ups through the month of September. Students who have participated in one or more years of band and are continuing on the same instrument are in Advanced Band. All students who are new to their chosen instrument are in the Beginner Band.

Eligible Students: **Beginner Band:** Any student, in 4th through 8th grade, who has not played the instrument before.

Advanced Band: Any student, in 5th - 8th grade, who has a year or more experience on the instrument.

Reasons why your 4th grade through 8th grade student should consider After-School Band offered at JPll during the 2025-26 year:

1. JPll will offer band after school on **Thursdays for Beginners** (and Tuesdays for Advanced).
2. During Band, your student will **learn how to play an instrument**, and your student will also learn a new language: **The language of reading music!**

3. Band offers the opportunity for **self-expression, creativity and achievement**. In our era of instant gratification, nothing beats learning and playing a musical instrument, which provides the **instant gratification** of learning new notes, new rhythms, and new theory.
4. Band allows the student to **explore past worlds and various cultures** by learning songs from different times and places around the globe.
5. Band participation enhances **problem-solving**, provides the setting for **teamwork, goal-setting, coordination**, and **improved memory skills**. Band participation also boosts self-confidence, self-esteem, and concentration. It helps improve the executive function!
6. Band offers the opportunity to **make shared family experiences and memories**.
7. Band is a **performing art**, practiced daily at home, "team" practice weekly during after-school band class, and provides the venue for two performances during the school year.

During the first two weeks of school, every 4th-grade student will get the opportunity to see each instrument demonstrated during our "Introduction To Band" presentation during music class. If your student was absent, please watch demonstrations here:
